ZIKA VIRUS PREVENTION

Mosquitoes carry disease! As we enter the wet season we all need to eliminate breeding areas for mosquitoes. Anything that holds even a small amount of water can become a source of mosquitoes. Please remove any “Mosquito Motels” such as tires, buckets, and other items that can hold water. Since it is impossible to totally eliminate mosquitoes, the CDC recommends using insect

repellents containing DEET when outdoors if mosquitoes are present.

DOG ADOPTIONS

We strive to operate as a “No Kill” animal shelter. For that reason, we offer dogs for adoption. Call us at 713-453-7411 for details.

PLEASE DON'T FEED STRAY ANIMALS

Please do not leave food out for stray animals. Doing so allows stray cats and dogs to breed and become feral. It also draws raccoons and possums into the city. If you observe stray dogs or wild animals please contact us at 713-453-7411.

BE CAREFUL WHERE YOU PARK

As a reminder, sidewalks are not designed to carry the weight of a car. It is illegal to park on all sidewalks.
