COMMENTS FROM MEMBERS OF THE PUBLIC:

Robert Hernandez, 10245 Chadwick, ask for clarification of what the Variance Board actually meets on.

City Manager Maner advised that the Variance Board meets when someone request a variance from the Zoning Ordinance, that the Zoning Ordinance in each district has a list of permitted usage of property and usage is one thing that can be a variance, not just property. He stated that if you wanted to use the property for something that was on the list, you didn't need a variance but if you wanted to use it for another purpose you would need a variance, it was called a specific use permit.

Ms. Moreno, 11105 Oswego, stated that Ms. Robinson lived behind Dollar General and they leave trash and junk there all the time and wanted to know if there was anything that could be done.

Mrs. Moreno and Ms. Robins were advised that Chief Ayala would look into this and see what we could do.

Council Member Rivas asked, if at one time, didn't they complain about someone getting into their dumpster and scattering the trash.

There was general discussion concerning Dollar General and Family Dollar and which one they were referring to.

LaGloria Sephus, Big Bass, advised that she had ticket to sell for the Galena Park/Jacinto City Rotary Chili Dinner and Auction and encourage everyone to come out and support this organization who provided scholarships for seniors as well as other events in the city.

Sylvia Kee, 1623 Casperson, thanked the Mayor and Council for taking down the house at 1621 Casperson, that it really looks good, that you can look out and actually see houses behind it.

Shelly Rivas passed out some flyers from Chili's concerning a new service they now have.

Council Member Rivas cautioned everyone to be careful, that kids would be out all over the place.

Council Member Lee Gave a plug to the fire department and talked about what the kids learn from them during Fire Prevention Week.
