

Boil Water Rescind Notice

On 4/4/2014, the Texas Commission on Environmental Quality (TCEQ) required our public water system (City of Jacinto City), to issue a Boil Water Notice to inform our customers that due to an interruption in service, water from our system must be boiled prior to consumption.

The interruption of service was part of a water distribution improvement project. We have taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and have provided TCEQ with testing results that indicate that the water no longer requires boiling as of 4/9/2014.

If you have questions, contact Mr. Kyle Reed at 713-453-7411.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
