

PUBLIC NOTICE

As a part of Jacinto City's ongoing upgrades to its water distribution system we will be installing two major connections to the city's primary water supply line. The second of these connections will be installed Friday, April 4th at midnight. This project requires the city to shut down the water system for a brief period. We hope that by doing these projects during off-peak time periods we can minimize the impact to our citizens.

In keeping with state law and TCEQ (Texas Commission on Environmental Quality) rules, the City of Jacinto City will issue a boil water notice. This notice can be found on the city's website at jacintocity-tx.gov under the "Public Notice" section.
