

PUBLIC NOTICE

As a part of Jacinto City's ongoing upgrades to its water distribution system we will be installing two major connections to the city's primary water supply line. The first of these will be accomplished this Saturday, Feb. 22nd at midnight. This project will require us to shut down the water system for a brief period. We hope that by doing this project during the off-peak time period we can minimize the project's impact to our citizens.

In keeping with state law and TCEQ (Texas Commission on Environmental Quality) rules, the City of Jacinto City is issuing a boil water notice effective at 12:01AM February 23, 2014. This notice can be found on the city's website at jacintocity-tx.gov under the "Public Notice" section. We expect the service interruption to last about two hours. As soon as possible thereafter the boil water notice will be rescinded.
