### 4. PUBLIC COMMENTS

\* Robert Hernandez 10721 Lane

- Asked for clarification of the dates on the newspaper postings of our budget and tax public hearing notices.

City Manager Squyres clarified that they are two separate Public Hearings that we must publish notice for.

### 5. NEW BUSINESS

#### 1. Public Hearing on Proposed Budget for FY 2024/2025.

*Budget Review given by City Manager Squyres: The proposed General Fund Budget is less than 1% larger than last year's budget. We have a CIP, which is the inflation rate for the things we buy, right at about 5%. The budget contains raises virtually across the board in the city for 3%, our health Insurance this year is going up about 2.5 %, which is amazingly cheap, workers comp continues to increase every year, an average about 8%; even with all of those things, the taxes on a \$100,000.00 home, is going to go up \$6.57 from what it was last year. Last year's rate was 0.596874 the proposed rate to generate the funds for this year's budget is 0.603444 that's below the di minimis rate, that's below the voter approval rate, it's below all the rates that we need to stay below. The total tax rate on a \$100,000.00 home this year will be \$603.44, last year it was \$596.87 again the difference is \$6.57. I would like to point out, your evaluations may be climbing some and that has happened, those are capped though if you have a homestead at 10%, every year. To give you an idea, this council has been council for over a decade, that rate in 2015-2016 was 0.783554 so this year it is 0.603444 so basically \$.18 per hundred dollars cheaper than it was in the year 2015-2016, that's a significant lowering from what it was just a handful of years ago. The city Manager went on to explain how we've been able to accomplish this, mostly thru using grant money for capital projects. He also gave a comparison, of the proposed tax rates between the school district and the city stating that Galena Park School district has an increase of .04 this year so on that same \$100,000.00 house that Jacinto City is going to collect \$603.44 on, the School District is going to collect \$1043.40. We went up \$6.57, the school district is going up \$52.68.*

*Water Fund Budget is 1.78% increase over last year. Still a whole lot less than the 5% CIP and all the other inflation indexes that are out there, so I think we can make a real solid case that the city is being very tight with budget money to say the least. City Manager Squyres proceeded to give a quick overview of the numbers of what it costs to run a department or two.*

*The city Manager went on to mention a couple of things for capital improvements, saying that one of the biggest deficits we have is we don't have a good way to evacuate people in the event of a hurricane. We have a 1952 Korean vintage war truck, but we can't depend on it, those things are 24 volt, and they're old. so we wanted something we could bring people out of high water in, but we didn't want to spend over a hundred thousand or more on a truck like that and only use it very rarely, so we challenged the department heads to do a little exploring on the topic and they came up with a truck, HFD uses them, it is a fire truck, like our brush truck, a little larger it's a four, five fifty, I believe, metal chassis, it's got a skid unit on*

the back with a pump and a tank, four wheel drive, can go anywhere and do whatever they need to do, about 300 hundred gallons. It is basically what we have now, that we got with the grant in 81, which desperately needs to be replaced, so were going to replace that, except this one's got a bonus; you hook onto that skid unit with an overhead crane or a forklift piece of equipment, we have both, you lift it out and now it becomes rescue truck, a high up rescue truck you can drive up into high water, city of Houston has seven working units, they're sending a couple of them to Florida right now, so we know it's a proven vehicle, they work well, we got people that know those trucks and can help train our folks on it, it's going to work really well, we feel.

We have that and then something that was added because of a need and this is something I need to mention to council with some changes in the budget numbers recently because of some other factors we found a little bit of money, we've got to purchase an ambulance. We don't have a way around that so were putting in seventy five thousand to purchase just the chassis for an ambulance, in other words the replacement truck to go under the box that's all it is, because it takes two years to get an ambulance now or to rebuild a chassis, so what we're proposing is buy the chassis now and then next year, and we'll talk about it at the conference, chief Davis will take y'all and show y'all various vendors that you can either build a new box and set on that one or take our older ambulance, lift the box off of it, rework it and set it on this chassis but just to do that including the chassis is about a quarter of a million dollars. A new one starts at about four hundred thousand now. We extend our vehicles and equipment as long as we can and get the most out of them.

City Manager Squyres stated that we've been through the budget several times in great detail, and he would take any questions anyone has. He also mentioned that The law says that state law S.B. 2 says that you have to take some action tonight on the budget, doesn't matter what it is and we're suggesting that the action council take, is to put it on the agenda and we have it on the agenda in case that's what you decide to do for Thursday night to actually pass the budget as one of those two items.

Council member Garcia asked where in the budget was the purchase of the ambulance, City Manager directed her to the correct page under capital projects.

Council Member Garcia also asked about the digital sign under capital fund if it was the sign on holland and market, City Manager Squyres replied that it was storm repair and were trying to get it done with FEMA and we'd like to add one and we're also replacing half of the one at city hall, one face of it got damaged during the first storm and FEMA is going to pay 75% of replacing that, it'll be converted to the same as the rest of the signs cause that's obsolete you can't get it anymore. So, the one on the budget is an addition one, to the ones we already have.

Council Member Garcia also asked if what was on the budget for the spray-park was an addition to what we already have. City Manager Squyres replied that yes, he believed Council Members Robinson and Rivas suggested we spice that up a little bit and put something different there.

Councilmember Garcia asked about the addition of benches. City Manager Squyres replied that we would be adding some to the perimeter of Wilkie Park, we'd be getting the same project basically that Lane Street got. And then we are applying, you won't see it on the budget, we're applying to the Port of Houston for a grant, to do the lighting on the Lane Street Project. It's a community grant that they have.

Lifeguard salaries have had to go up to compete with McDonald's, Buc-See's and other places and what they're paying now. We also were quite inventive about the way we upped their pay. Many times, a lot of money that they make, comes off the parties, when people rent the pool. That's between the person that rents the pool and them, so a lifeguard is making \$20 an hour during pool rentals now. It's not coming out of the cities pocket its coming out of the renter's pocket but that's one of the ways we were able to get life guards this year while Houston was closing pools.

Council Member Garcia also asked if the upgrade on the roof part of last year's budget was or if was going to be in the new budget. City Manager replied that most of that was insurance because of the storm. As is the public works barn building, which is finished today by the way and then the small amendment for the, it's already been done, for the office building because I think we got like 39 on the insurance we have 30 on the budget so between those two we got it all covered. So in the department of roofs, I think we're going to be ok for a while.

Council Member Garcia asked if everyone was able to get an increase on their salary. City Manager replied that everyone was getting 3% on a merit basis.

Council Member Garcia inquired with the Department Heads if they had anything else they needed. Council Member Rivas Confirmed with them as well that they have had time with the budget, so they are golden. Department Heads confirmed.

Mayor Pro Tem Robinson asked one final time if anyone on council had any further questions. There were no more questions.

**Motion to put Proposed Budget on Thursdays Agenda, made by:** Council Member Gonzales

**Second was made by:** Council Member Rivas

**Favor:** 4/0

## 9. COUNCIL COMMENTS

Council Member Rivas Mentioned that they try their best to budget for unforeseen things, sometimes they are unavoidable, when that occur, they deal with them as best they can.

Mayor Pro Tem and Council Member Robinson Thanked everyone for putting the budget together.

Mayor Pro Tem Robinson adjourned the meeting at 6:27pm.

Respectfully submitted,

*C. Rodriguez*
