Minutes

The Mayor and City Council met in Regular Session on
Thursday, October 8, 2024, at 6:00p.m. in the Council Chamber at 10301 Market Street.

1. CALL TO ORDER

2. INVOCATION AND PLEDGE OF ALLEGIANCE

The meeting was opened with Prayer and the Pledge of Allegiance.

3. ROLL CALL

The following members were present: Mayor Diaz; Council Members Rivas, Robinson, Lee, Garcia & Gonzales; City Manager Squyres, City Attorney Defoyd & City Secretary Rodriguez.

4. APPROVAL OF THE MINUTES OF THE PREVIOUS MEETING(S)

A motion was made by Council Member Robinson and Seconded by Council Member Rivas to approve the minutes of the previous meetings as presented. Vote: **For: 5, Against:0**

5. REPORTS OF OFFICERS, EMPLOYEES AND COMMITTEES

Mayor: Ana Diaz

- * Expressed prayers for the young man that was injured on Holland/Levy.
- * Thanked Chief Ayala for National Night Out, she also thanked Ivan, Public Works, Fire Department and all Involved. She stated how the citizens really enjoy National Night Out.
- * Relayed to Ivan the compliments our city entryways are receiving due to the decorations.
- * Mentioned a couple of decoration ideas she saw at other cities & mentioned putting bows on the trees down Market Street. She also suggested ideas on how to decorate the city entryways for Christmas.

City Manager: Lon Squyres

- * No report at this time.

Public Works: Thomas Rogers

- * Still steadily cutting grass.
- * Done various storm drain repairs, this week and last week, a total of 10 so far.
- * The Asphalt Project is complete; they finished the striping last Monday.
- * Public Works has been doing patch work on potholes this week and last week.
- * Checking the poles for power for Christmas lights.
- * We will be putting Christmas bows on the trees we have down Market. We counted the trees already and we have 118 down Market St.

Police: Chief Joe Ayala

- * A young man was seriously injured riding a dirt bike on Holland/the levy, he was taken to the hospital.

City Hall: Kathy Greiner

- * Closing the Fiscal Year, just emailed the Final Report for September to the Mayor & Council.

Fire: Interim Chief Mo Davis

- * Nothing to report at this time but would like to show the Mayor & Council the new purchase they authorized for the fire department, possibly Thursday.

Heritage Hall: Elizabeth Flores

* Seniors are preparing to participate in the Pumpkinfest.

Parks & Recreation: Ivan Rojas

*Preparing for Pumpkinfest, which will be October 26th beginning at 5pm. Vendors wishing to participate should register with Geri at City Hall.

Jacinto City Branch Library: Delaney Daly

* Not in Attendance.

6. PUBLIC COMMENTS

*No one wished to address the Mayor or Council at this time.

7. NO UNFINISHED BUSINESS

8. NEW BUSINESS

1. Mayor & Council to select/ appoint representative and alternate to H-GAC (Houston Galveston Area Council) General Assembly.

-Brief review given by City Manager Squyres:

Motion to appoint Council Member Garcia as Representative and Council Member Gonzales as Alternate, made by Council Member: Robinson.

Second was made by: Council Member Garcia

Favor: 5/0

2. Mayor & Council to adopt Covered Applications and Prohibited Technology Policy.

-Brief explanation given by City Manager Squyres: The Policy was created by a Texas Organization called DIR, it meets the legal requirement. We are mandated by a governor decree to adopt a policy prohibiting the use of Tik Tok and certain other social media applications and services on governmental devices.

Motion to accept this Policy, made by: Council Member Robinson

Second was made by: Council Member Garcia

Favor: 5/0

9. COUNCIL COMMENTS

Council Member Rivas thanked Council Member Lee for the special prayer for those getting hit by the hurricane.

All Council Members wished everyone a good weekend.

Mayor Diaz adjourned the meeting at 6:12pm.

Respectfully submitted,

Christal Rodriguez
City Secretary

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive service must be made 48 hours prior to Meeting.

1.0 INTRODUCTION

1.1 PURPOSE

On December 7, 2022, Governor Greg Abbott required all state agencies to ban the video-sharing application TikTok from all state-owned and state-issued devices and networks over the Chinese Communist Party's ability to use the application for surveilling Texans. Governor Abbott also directed the Texas Department of Public Safety (DPS) and the Texas Department of Information Resources (DIR) to develop a plan providing state agencies guidance on managing personal devices used to conduct state business. Following the issuance of the Governor's directive, the 88th Texas Legislature passed [Senate Bill 1893](#), which prohibits the use of covered applications on governmental entity devices.

As required by the Governor's directive and Senate Bill 1893, this model policy establishes a template that entities subject to the directive or bill may mimic to prohibit the installation or use of covered applications or prohibited technologies on applicable devices.

1.2 SCOPE AND APPLICATION

Due to distinctions in requirements between the Governor's directive and SB 1893, Sections 2 and 3 apply to distinct organizations. Where appropriate, each section will identify the unique entities to whom the section applies and the appropriate definitions.

Governmental entities, including local governments, must adopt a covered applications policy as described by [Section 2.0](#).

State agencies to whom the Governor issued his December 7, 2022, directive must adopt a prohibited technology policy as described by [Section 3.0](#). To the extent a state agency is also subject to the requirements of Senate Bill 1893, that agency must also adopt a covered applications policy as described by [Section 2.0](#).

2.0 COVERED APPLICATIONS POLICY FOR GOVERNMENTAL ENTITIES

2.1 SCOPE AND DEFINITIONS

Pursuant to Senate Bill 1893, governmental entities, as defined below, must establish a covered applications policy:

- A department, commission, board, office, or other agency that is in the executive or legislative branch of state government and that was created by the constitution or a statute, including an institution of higher education as defined by Education Code Section 61.003.
- The supreme court, the court of criminal appeals, a court of appeals, a district court, or the Texas Judicial Council or another agency in the judicial branch of state government.
- A political subdivision of this state, including a municipality, county, or special purpose district.

This policy applies to all Jacinto City full- and part-time employees, contractors, paid or unpaid interns, and other users of government networks. All Jacinto City employees are responsible for complying with this policy.

A covered application is:

- The social media service TikTok or any successor application or service developed or provided by ByteDance Limited, or an entity owned by ByteDance Limited.
- A social media application or service specified by proclamation of the governor under Government Code Section 620.005.

2.2 COVERED APPLICATIONS ON GOVERNMENT-OWNED OR LEASED DEVICES

Except where approved exceptions apply, the use or installation of covered applications is prohibited on all government-owned or -leased devices, including cell phones, tablets, desktop and laptop computers, and other internet-capable devices.

Jacinto City will identify, track, and manage all government-owned or -leased devices including mobile phones, tablets, laptops, desktop computers, or any other internet-capable devices to:

- a. Prohibit the installation of a covered application.
- b. Prohibit the use of a covered application.
- c. Remove a covered application from a government-owned or -leased device that was on the device prior to the passage of S.B. 1893 (88th Leg, R.S.).
- d. Remove an application from a government-owned or -leased device if the Governor issues a proclamation identifying it as a covered application.

Jacinto City will manage all government-owned or leased mobile devices by implementing the security measures listed below:

- a. Restrict access to “app stores” or unauthorized software repositories to prevent the installation of unauthorized applications.**
- b. Maintain the ability to remotely wipe non-compliant or compromised mobile devices.**
- c. Maintain the ability to remotely uninstall unauthorized software from mobile devices.**

2.3 ONGOING AND EMERGING TECHNOLOGY THREATS

To provide protection against ongoing and emerging technological threats to the government’s sensitive information and critical infrastructure, DPS and DIR will regularly monitor and evaluate additional social media applications or services that pose a risk to this state.

DIR will annually submit to the Governor a list of social media applications and services identified as posing a risk to Texas. The Governor may proclaim items on this list as covered applications that are subject to this policy.

If the Governor identifies an item on the DIR-posted list described by this section, then Jacinto City will remove and prohibit the covered application.

Jacinto City may also prohibit social media applications or services in addition to those specified by proclamation of the Governor.

2.4 BRING YOUR OWN DEVICE POLICY

If Jacinto City has a “Bring Your Own Device” (BYOD) program, then the

Jacinto City may consider prohibiting the installation or operation of covered applications on employee-owned devices that are used to conduct government business.

2.5 COVERED APPLICATION EXCEPTIONS

Jacinto City may permit exceptions authorizing the installation and use of a covered application on government-owned or -leased devices consistent with the authority provided by Government Code Chapter 620.

Government Code Section 620.004 only allows Jacinto City to install and use a covered application on an applicable device to the extent necessary for:

- (1) Providing law enforcement; or
- (2) Developing or implementing information security measures.

If Jacinto City authorizes an exception allowing for the installation and use of a covered application, Jacinto City must use measures to mitigate the risks posed to the state during the application's use including:

- **Measures that the Jacinto City deems appropriate for its own policy.**

Jacinto City must document whichever measures it took to mitigate the risks posed to the state during the use of the covered application.

Jacinto City may include additional language within its policy as to which employees may install and use the covered application subject to its exception.

3.0 PROHIBITED TECHNOLOGY POLICY FOR JACINTO CITY

3.1 SCOPE

This policy applies to all state agencies to whom the Governor issued his December 7, 2022, [directive](#). This policy applies to all employees, including interns and apprentices, contractors, and users of state networks. All Jacinto City employees, contractors, and state network users to whom this policy applies are responsible for complying with these requirements and prohibitions.

3.2 STATE AGENCY-OWNED DEVICES

N/A

3.3 PERSONAL DEVICES USED FOR CITY BUSINESS

Employees and contractors may not install or operate prohibited applications or technologies on any personal device that is used to conduct state business, which includes using the device to access any state-owned data, applications, email accounts, non-public facing communications, state email, VoIP, SMS, video conferencing, CAPPs, Texas.gov, and any other state databases or applications.

A state agency that authorizes its employees and contractors to use their personal devices to conduct state business must also establish a "Bring Your Own Device" (BYOD) program. If an employee or contractor has a justifiable need to allow the use of personal devices to conduct state business, the employee or contractor must ensure that their device complies with Jacinto City's BYOD program, which may include proactive enrollment in the program.

Jacinto City's BYOD program prohibits an employee or contractor from enabling prohibited technologies on personal devices enrolled in the Jacinto City's BYOD program.

3.4 SENSITIVE LOCATIONS

The City Manager should identify, catalogue, and label all sensitive locations. A sensitive location is any location, physical or logical (such as video conferencing, or electronic meeting rooms), that is used to discuss confidential or sensitive information including information technology configurations, criminal justice information, financial data, personally identifiable data, sensitive personal information, or any data protected by federal or state law.

An employee whose personal device, including their personal cell phone, tablet, or laptop, is not compliant with this prohibited technology policy may not bring their

personal device into sensitive locations. This includes using their unauthorized personal device to access any electronic meeting labeled as a sensitive location.

Visitors granted access to sensitive locations are subject to the same limitations as employees and contractors. If a visitor is granted access to a sensitive location and their personal device has a prohibited application installed on it, then the visitor must leave their unauthorized personal device at an appropriate location that is not identified as sensitive.

3.5 NETWORK RESTRICTIONS

DIR has blocked access to prohibited technologies on the state network. To ensure multiple layers of protection, Jacinto City has also implemented additional network-based restrictions, which include:

- a. Configuring agency firewalls to block access to statewide prohibited services on all agency technology infrastructures, including local networks, WAN, and VPN connections.
- b. Prohibiting personal devices with prohibited technologies installed from connecting to agency or state technology infrastructure or state data.
- c. With the City Manager's approval, providing a separate network that allows access to prohibited technologies with the approval of the executive head of the agency.

3.6 PROHIBITED TECHNOLOGIES EXCEPTIONS

Only the City Manager may approve exceptions to the ban on prohibited technologies. This authority may not be delegated. All approved exceptions to applications, software, or hardware included on the prohibited technology list must be reported to DIR.

Exceptions to the prohibited technology policy must only be considered when:

- the use of prohibited technologies is required for a specific business need, such as enabling criminal or civil investigations; or
- for sharing of information to the public during an emergency.

For personal devices used for state business, exceptions should be limited to extenuating circumstances and only granted for a predefined period of time. To the extent practicable or possible, exception-based use should only be performed on devices that are not used for other state business and on non-state networks, and the

user should disable cameras and microphones on devices authorized for exception-based use.

3.7 BRING YOUR OWN DEVICE POLICY FOR A GOVERNMENTAL ENTITY NOT SUBJECT TO THE GOVERNOR’S PROHIBITED TECHNOLOGY DIRECTIVE

If a Governmental Entity is not subject to the Governor’s prohibited technology directive but is subject to Senate Bill 1893, it may also consider prohibiting the installation or operation of prohibited technologies and covered applications on employee-owned devices that are used to conduct government business.

If Jacinto City adopts a “Bring Your Own Device” (BYOD) program, then the Jacinto City shall institute a “Bring Your Own Device” (BYOD) policy requiring the enrollment of these personal devices in the entity’s program before their continued use in conducting governmental business.

3.8 ONGOING AND EMERGING TECHNOLOGY THREATS PURSUANT TO THE GOVERNOR’S DIRECTIVE

N/A

4.0 POLICY COMPLIANCE

Jacinto City will verify compliance with this policy through various methods, including but not limited to, IT/security system reports and feedback to leadership.

An employee found to have violated this policy may be subject to disciplinary action, including termination of employment.

5.0 POLICY REVIEW

This policy will be reviewed annually and updated as necessary to reflect changes in state law, additions to applications identified under Government Code Section 620.006,

updates to the prohibited technology list posted to DIR's website, or to suit the needs of Jacinto City.
